

Siemon High-Speed Interconnect Assemblies for Today's Direct Attach Data Center Applications

Siemon offers a full line of High-Speed Interconnect Assemblies for direct attach connections in the data center. Independently tested for interoperability with most major equipment manufacturers, these high performance, cost-effective assemblies support up to 100G across an array of application standards—from the core switch to the servers and everything in between.

Unlike assemblies from equipment vendors, Siemon's High-Speed Interconnect Assemblies come with more length and color options and are backed by superior service and support from a team of true network cabling experts—and they offer superior value to our customers.

- Available in half meter lengths
- Various color options and color-coded clips
- Competitive pricing
- Global distribution
- Aggressive stocking levels
- On-time delivery with shorter lead times
- Comprehensive 1-year warranty
- Independently tested and verified

Our Comprehensive Offering

Siemon's full line of high-speed interconnect assemblies include both passive and active SFP+ and QSFP+ solutions for direct equipment-to-equipment connections, as well as breakout assemblies for a variety aggregation applications.

- 100G QSFP28 and 25G SFP28 Direct Attach Cable Assemblies
- 100G QSFP28 to 2 50G QSFP28 Breakout Cable Assemblies
- 40G QSFP+ and 10G SFP+ Direct Attach Cable Assemblies
- Cisco-Compatible 10G SFP+ Direct Attach Cable Assemblies
- 40G QSFP+ to 4 10G SFP+ Direct Attach Cable Assemblies Breakout
- 40G QSFP+ Active Optical Cables for up to 100m

Cisco-Compatible Peace of Mind

Proven by the University of New Hampshire's Interoperability Lab (UNH IOL) for 10G interoperability, Siemon Cisco-compatible SFP+ copper cable assemblies offer a cost-effective alternative to overcome vendor locking. Our Cisco-compatible assemblies will not trigger warning messages or violate Cisco's warranty when used with Cisco equipment, delivering superior cost savings and peace of mind for your 10G switch-to-server connections. Ask your Siemon representative for a free sample!

Because we continuously improve our products, Siemon reserves the right to change specifications and availability without prior notice.
